Sagicor
LIFE JAMAICA LIMITED

Our 2010 Performance

On behalf of the Board of Directors of Sagicor Life Jamaica Ltd (SLJ) we are pleased to share with you the 2010 performance of our Group of companies. Despite a challenging economic environment, our Team of over 1,400 members of staff, sales representatives and management of the Group delivered Net Profits of **$4.7** billion, an increase of 6% over the prior year and our tenth consecutive year of growth.

This would not have been possible without the confidence our customers have placed in Sagicor Group's ability to provide protection and build wealth. We sincerely value and respect their trust. In turn, we delivered over **$8.5** billion of benefits to our customers and their families in 2010, including **$1.8** billion in death and critical illness benefits, **$4.4** billion in health benefits and **$1.3** billion in annuity payments. In addition, our pension funds under management and policyholder investment funds out-performed all competitors in four of five asset classes.

Strong Balance Sheet & Sound Governance

Fundamental to our obligation to deliver benefits to our clients, is a strong balance sheet and sound corporate governance practices. In 2010 our assets grew by **$8** billion to **$143** billion. The capital of the Company improved from **$20** billion to **$25** billion after paying our 8,312 shareholders a dividend totaling **$1.6** billion. Measured by risk adjusted capital, SLJ's solvency continues to exceed that required by our regulators.

We are pleased to report that your Board of Directors along with those of our subsidiary companies executed their duties with dedication and diligence, spending thousands of man hours in 2010 reviewing management performance, overseeing risk management and corporate governance matters and discussing the Group's strategic direction.

Committed to Jamaica

Sagicor Life Jamaica is deeply committed to our Jamaican people and we continue to seek ways to contribute meaningfully to our communities in the areas of Sport, Education and Health. During 2010, we supported key health initiatives through the Group's Sigma Corporate Run event, which raised funds for Children with Disabilities. In addition, we supported Bustamante Hospital for Children through Shaggy's Make a Difference Foundation and Jamaica's Round Island Cycle event. For Sport, our sponsorship of the JTA/ Sagicor National Primary All Age & Junior High Champs directly impacted 70 schools and 1,500 athletes. In Education, we awarded scholarships to 120 children at the GSAT and High School levels and adopted 16 schools. We answered the call to extend financial assistance to our security forces by providing food supplies during special operations in May 2010. Finally, our Company was moved to support our Caribbean neighbour, Haiti, with a donation through the Jamaica Red Cross for relief efforts.

Improving Customer Service

We have more to do!

We understand the vital importance of customer satisfaction to the continued success of the Company and in 2011 we are determined to improve critical aspects of service to our customers. Our key initiatives in this respect include:

- **Reducing health claims turnaround time**
- **Improving call handling rates through our new contact centre**
- **Empowering our clients to access their information via our web site**
- **Developing new products relevant to our changing environment**
- **Expanding options for payments and communications to our customers through electronic means**

Many of these initiatives are already underway and we are especially keen to receive your feedback on how we are doing. We encourage you to send your e-mails to **MyExperience@sagicor.com** and we will ensure your comments, suggestions or concerns are addressed promptly.

Looking Ahead

Our outlook on the business environment in general is positive. We are likely to see growth in the economy, although the growth rate may be fairly low. With interest rates continuing to trend downwards and a stable exchange rate, the climate is ripe for new products and new investments. We look forward to the challenges that 2011 will bring and expect to grow from strength to strength in service of our clients, our shareholders, our Team members and our nation. **Thank you for the privilege of serving you!**

Management Discussion & Analysis

AUDITED CONSOLIDATED FINANCIAL STATEMENTS

Overview

The Sagicor Life Jamaica Group produced net profit attributable to Stockholders of $4.67 billion for the year ended 31 December 2010, 6% more than the prior year. This represents basic earnings per share of $1.24 and a return on average Stockholders' Equity of 21%. This is the tenth consecutive year of increased profits and robust growth in Stockholders' Equity.

Compared to Q4 2009, the profit of Q4 2010 was much stronger, in part due to better performance and in part because the actuarial liabilities were increased in December 2009 in anticipation of the Jamaica Debt Exchange programme (JDX).

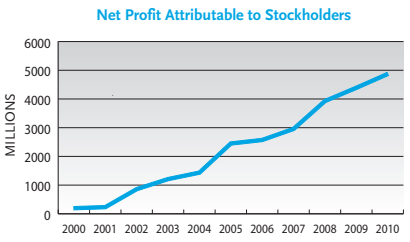
Operations

Consolidated Total Revenue of $25.66 billion was 8% below that for 2009, principally due to the effect of 2009 revenue from discontinued operations, but also the impact of lower interest rates and unrealized exchange losses in 2010 and contributions from a large single premium contract in 2009. New insurance sales stayed strong across all lines of business and contributed to a healthy growth in Net Premium

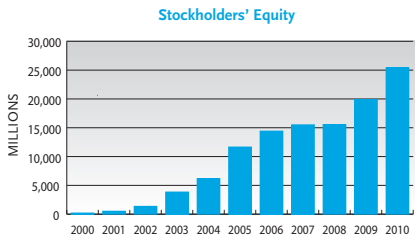
Highlights

	Dec-10 FY Audited	Dec-09 FY Audited	% Change
Total Revenue - J$ billions	25.66	27.87	-8%
Net Profit attributable to Stockholders - J$ billions	4.67	4.39	6%
Earnings per stock unit (EPS)	1.24	1.17	6%
Efficiency ratio (Admin. expenses/Revenue)	24%	23%	-4%
Return on average Stockholders' Equity (ROE)	21%	25%	-16%
Total Assets - J$ billions	143.16	135.47	6%
Stockholders Equity - J$ billions	25.20	19.86	27%

Net Profit Attributable to Stockholders



Stockholders' Equity



Revenues, when the effect of the large single premium contract in 2009 is excluded. Net Investment Income in the current year was affected by lower interest rates but at the same time benefited from significant realized capital gains. Unrealized FX losses depressed the category "Fees, Commissions and Other Revenues". Administration expenses of $6,230 million were 8% higher than the 2009 amount, after the amount relating to discontinued operations is excluded.

Adjusting for the foregoing, the effect of large single premium contracts and non-recurrent expense items, the normalized ratio of administrative expenses to total revenue was 24% as against 22% in the previous year. This negative change was significantly influenced by increased retirement benefits cost.

The net cash outflow of $5.6 billion for the year is due principally to the company making a strategic decision to invest its funds in longer term securities to protect itself and its policyholders against a falling interest rate environment. There were also net withdrawals from our Cayman policy-holders investment funds.

The Pan Caribbean Financial Services (PCFS) Group, in which SLJ has an 86% interest, generated after tax profits of $1.5 billion, an increase of 3% above the prior year despite a lower interest rate environment and unrealized FX losses in 2010.

Balance Sheet and Managed Funds

Total assets of the Group were $143.16 billion compared to $135.47 billion as at December 2009. Total assets under management as at December 2010, including pension fund assets managed on behalf of clients and unit trusts, amounted to $227.81 billion (December 2009: $210.41 billion).

Stockholders' (Owners') Equity as at December 2010 was $25.2 billion, compared to $19.86 billion as at December 2009. This 27% increase was in part due to the growth in Retained Earnings and the improved fair values of securities held as Available-For-Sale, for which the after-tax unrealized gains are reflected as a component of Equity. The SLJ Board of Directors declared dividends of $1.62 billion to Stockholders or a dividend per share of 43 cents during 2010. Measured by risk adjusted capital, Sagicor Life Jamaica's solvency continues to be solid. The Minimum Continuing Capital and Solvency Requirement (MCCSR) of 190% is well above the 150% required by the regulations.

Discontinued Operations and Assets Held for Sale

The 2009 amounts refer to the sale to Bahamas First Holdings of the Sagicor Life Jamaica Group's interest in Sagicor General Insurance (Cayman) Ltd. effective 1 January 2010. The sale was completed and recorded during June. The 2010 amount relates to the sale of a block of mortgages.

EXPLANATORY NOTES

1. Basis of preparation

These condensed consolidated financial statements have been prepared in accordance with the accounting policies as set out in note 2 of the December 31, 2010 audited financial statements.

The Group adopted the following accounting standards effective 1 January 2010

- IAS 1 (Amendment), 'Presentation of financial statements'
- IAS 19 (Amendment), 'Employee benefits'
- IAS 36 (Amendment), 'Impairment of assets'
- IAS 39 (Amendment), 'Financial instruments: Recognition and measurement'
- IFRS 2 (Amendments), 'Group cash-settled share-based payment transactions'
- IFRS 5, 'Non-current assets held for sale and discontinued operations'
- IFRIC 17, 'Distribution of non-cash assets to owners'

2. Comparative information

Where necessary, comparative figures have been reclassified to conform with changes in the presentation for the current year.
