ebrokerage

Sagicor

ASSET MANAGEMENT

Discover an innovative investment service that offers access to a diverse range of international investment products, including stocks, bonds, mutual funds, and ETFs, through Sagicor ebrokerage. Whether you're planning for the long term or saving for a specific goal, you'll have the flexibility to access your funds as needed.

Key Benefits

- Services designed to meet investor needs: Self-Trade, Advisory, Wealth Management.
- Comprehensive global market coverage, including international products trading in the USA.
- Access to advanced investment tools, research, and strategies for informed investment decisions.
- Robust security and reliability, ensuring fast order execution times to capitalize on market opportunities.

Why ebrokerage?

Self-Trade Service

Take full control of your investment decisions and trade executions with Sagicor ebrokerage's self-trade services. You can also authorize SAMI to execute transactions on your behalf.

- A minimum investment of US \$1,000 or the equivalent in international currency is required.
- Basic knowledge and understanding of securities markets are essential.

Advisory Service

Set your investment journey on auto pilot with Sagicor ebrokerage's advisory services. A service built on the ebrokerage platform for those who prefer a professionally managed solution.

- Determine your risk tolerance through a risk score from 1 to 5, aligning with a predefined investment portfolio. See table 3
- Benefit from Sagicor's market research, portfolio monitoring & rebalancing, intellectual capital, and trading execution.
- A minimum investment of US \$5,000 or the equivalent in international currency is required.

Wealth Management Service

If you desire a tailored investment solution and wish to invest more than \$100,000 USD please contact our Wealth Management Specialist:

Fees

Commission Fees

Table 1

Service	Per Share	Minimum
Self-Trade	0.05	\$1 per Trade
Advisory	-	-
Wealth Management	-	-

*A trade involving less than 20 shares attracts a minimum fee of \$1

Advisory Fees

Table 2

Minimum Deposit	Fee (Annual)	Upper Limit
\$ 5,000	0.90%	\$ 10,000
\$ 10,000.01	0.80%	\$ 50,000
\$ 50,000.01	0.70%	\$ 250,000
\$ 250,000.01	0.60%	\$ 500,000
\$ 500,000.01	0.50%	\$ 1,000,000

Dollar Cost Averaging

It is strongly recommended that subsequent annual deposits ranging from 25% of the minimum initial deposit on the lower end to 5% on the higher end are made to take advantage of market fluctuations.

Advisory Risk Assessment Chart

Table 3

0 - 1.4

Conservative

This strategy focuses on preserving capital and generating income through low-risk investments. It involves investing 18% in equities, 80% in fixed income securities, and 2% in cash.

1.5 - 2.4

Income & Growth

This strategy aims to create a diversified portfolio that balances capital appreciation and low income generation. It involves investing 38% in

equities, 60% in fixed income securities, and 2% in cash.

2.5 - 3.4

Moderate

This strategy aims to balance opportunities and risk. It involves investing 58% in equities, 40% in fixed income securities, and 2% in cash.

3.5 - 4.4

Moderate Growth

This strategy seeks to provide capital appreciation and income generation. It

involves investing 70% in equities, 28% in fixed income securities, and 2% in cash.

4.5 - 5.0

Aggressive

This strategy aims to achieve higher returns by allocating a larger portion of resources into equities. It involves investing 80% in equities, 18% in fixed income securities, and 2% in cash.
