185TH SIGNATURE EDITION

What distinguishes one year from another is rarely a single event.

More often, it is the combined efforts of many whose actions leave a lasting impression through what they build, what they influence, and what they make possible.

Today, we celebrate those individuals.

Our 2025 Group Annual Award recipients represent the breadth of talent, character and achievement found across our organization, and we are honoured to recognize the contribution each has made to the masterpiece of our collective success.

Sales AWARD WINNERS

SALES ARE OFTEN MEASURED IN NUMBERS, BUT NUMBERS RARELY TELL THE WHOLE STORY.

Behind every outcome is a conversation, a relationship, a decision, a risk taken at the right moment, or persistence when the easier option was to walk away.

This year's Sales Award recipients demonstrated an exceptional ability to create momentum, build trust and convert opportunity into growth.

The marks people leave are rarely identical.

Some are bold. Some are subtle. Some are felt immediately.
Others reveal themselves over time.

The individuals recognized each left their own mark on the year 2025, and together, they tell a story of excellence, shared purpose and enduring impact.
