Key Protector Motor Insurance

Owning a car can no longer be considered a luxury. It provides independence and convenience beyond measure.

Vehicle ownership also brings significant responsibility, in terms of the financial costs and the responsibility you have to other road users. Motor vehicle insurance does more than protect you and your vehicle in the event of an accident. It also covers damage or injury caused by you or someone else driving your vehicle - costs that can soar well beyond the value of the vehicle itself.

Why Sagicor Motor Insurance?

- Fast and reliable claims settlement
- Online claims submission
- Yes, it's all about claims, because that's what really matters

Here are your major options to choose from when are seeking motor insurance:

- Private Motor Comprehensive
- Private Motor Third Party
- Private Motor Third Party Fire and Theft

Comprehensive Insurance

Comprehensive insurance covers you for third party fire and theft plus accidental damage to your own vehicle. The exact cost of your cover is calculated according to a number of factors such as:

- The driver profile, including age, driving experience and driving history
- The vehicle profile including its type, use, engine size and value.

Some factors, such as high-performance engines, young or inexperienced drivers, vehicles used to transport goods or passengers and expensive or unusual vehicles may cause your insurance company to charge a higher premium.

Third Party

Third party only: This basic cover is often the minimum required by law and covers you for the cost of claims for injury to another person or damage to another vehicle or third party property. It does not cover loss of or damage to your own vehicle.
