Sagicor

Whether replacing the loss of valuables or helping with costs of personal accidents our accident insurance has you covered.

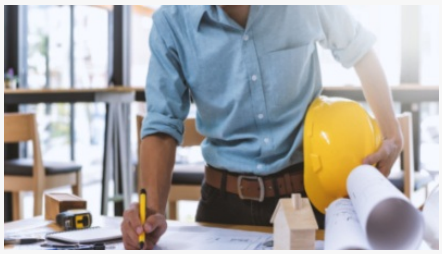

Accidents happen. And they can be challenging enough to deal with without the added stress of not having the means to make things right again. Whether it's replacing the loss of valuables such as money or jewelry, or helping with costs related to personal accidents at home or abroad our accident insurance has you covered against a wide array of calamities. In addition to the previously noted coverage, our accident insurance also provides you with mortgage indemnity.

Accident insurance provides the policy holder with payment made directly to the insured in the event of an accident resulting in injury or dismemberment to the insured person up to and including the death of the insured individual. Accident insurance can also provide payment to a predetermined beneficiary or an estate in the event of death resulting from the accident.
