Endowment Plans

This type of insurance guarantees a benefit as well as a cash value component which is paid to you at the end of the endowment term or to your beneficiary should you pass away.

Non Medical Plans

As the name suggests, non-medical life insurance assumes no medical test when issuing a policy as opposed to a traditional policy where medical tests are required (e.g. blood test, blood pressure, etc.).

Whole Life Series

Whole Life insurance provides coverage for your entire life, rather than for a specified period of time. This type of insurance guarantees a death benefit as well as a cash value component. A portion of your premium will go towards building cash values over time.
