Sagicor

Overview

Sagicor Bank uses the latest security technology in processing credit cards – Contactless, Chip & PIN Technology. Our new credit cards will have an embedded security chip that allows the terminal to process your card in a more secure way.

Now you can enjoy more secure ways to spend your money. To pay, just tap or insert your card and enter your PIN as you earn the **#BestRewardsEver**.

Benefits of Contactless, Chip and PIN Credit Cards

FAST

Contactless Cards make life easier as they allow you to complete your transactions quickly.

SECURE

Equipped with CHIP and PIN technology, your information is secure making it difficult to be used for fraudulent activities.

SIMPLE

Tap and go or Tap and follow the prompts (you may be asked to insert your card and enter your PIN).

E-ACTIVATE & PIN YOUR CREDIT CARD
