

overview

We know that you want to best for your child, and that includes the best education to give them every chance of future successes in life. But with the ever-increasing cost of college and university fees, we want to help you make this possible with Sigma Educator. This is a flexible tax-free plan which allows you to invest over time for your child's tertiary school expenses. It also pays you up to 30% grant on the eligible accumulated value.

Our Sagicor Sigma Educator is a tax-free* education investment plan established to help parents (or other persons) save money to meet the ever-increasing cost of a child's tertiary education.

The education grants at each of the three plan levels are outlined below:
