Critical Illness Plans
Sagicor offers financial protection and freedom if you are afflicted with a critical illness. We have plans that provide a living benefit to address the health cost or general financial challenges if you are diagnosed.

Endowment Plans
This type of insurance guarantees a benefit as well as a cash value component which is paid to you at the end of the endowment term or to your beneficiary should you pass away.

Non Medical Plans
As the name suggests, non-medical life insurance assumes no medical test when issuing a policy as opposed to a traditional policy where medical tests are required (e.g. blood test, blood pressure, etc.).
