- Auto-adjudication System
- Direct Credit Facility
- Group Web Online Facility
- Priority Care Membership via Dalian Medical Concierge Services

Auto-adjudication System

With our exclusive CariCARE card, our auto-adjudication facility allows claims to be processed online with the ease of a "swipe" at over 400 health providers in Trinidad and Tobago. Through this paperless process, employees are only responsible for their portion of the bill. This means:

- No out of pocket expenses
- No lengthy wait for reimbursement
- No lengthy claim form completion

Direct Credit Facility

As a member of our Small Business Group Health Plan, your employees can enjoy direct credit of health claim reimbursements to their accounts. With this new facility, once a paper claim is adjudicated, the claim settlement will be sent directly to the employee's bank account.

Benefits:

- Saves your staff the trouble of going to the bank and standing in line to cash or deposit claim cheques
- Gives your staff timelier access to their funds, as they no longer have to wait for cheques to be cleared
- Removes the hassle associated with the replacement of lost, damaged, stale-dated or stolen cheques
- Eliminates the inconvenience of having to make special arrangements to collect your staff's cheques

Group Web Online Facility

This online facility is designed to help you better manage your insurance portfolio. It's free, quick and easy to use. With just a few clicks, you can review your employee's health plan profile and claim history.

Additionally, you have quick access to:

- Sagicor forms (e.g. health claim)
- Online providers
- Group Billings which can be printed directly off the web at <https://my.sagicor.com/groupweb>
