Sagicor

# Consider taking us home for affordable insurance solutions to protect your home and its contents.

It's most likely your most-valuable possession and the cost to replace it would be financially devastating. As such, your home needs to be protected with insurance that covers losses that would otherwise place you in a very bad financial place. In the event of damage or loss due to fire, flooding, storms, theft or any other disaster, Sagicor will be there to offer peace of mind and help return things to the way they were.

Homeowner's insurance helps you start over by providing:
• Money to repair or replace your home
• Protection against liability claims from someone injured on your property
• Protection against liability should you or a family member damage someone else's property or cause bodily injury
• Coverage for additional living costs should you need to temporarily leave your home.

Are you considering getting home insurance? Here are some points to keep in mind:
• Does your level of home insurance adequately cover any potential losses?
• What would it cost to rebuild your home?
• Are you covered against claims from other people?

Sagicor Home Insurance coverage includes:
• Buildings
• Finding alternative accommodations
• Loss of rent
• Replacement of external locks
• Landscaping
• Title deeds
• Glass replacement
