

# overview

Give your portfolio a more competitive edge. Choose fixed-income investments with an attractive rate of return. Repurchase agreements are similar to Certificate of Deposits in that they pay a fixed rate based on a fixed investment period. The principal is secured by the underlying government or corporate security. With a Repo, your funds are invested at an agreed upon rate for a fixed period of time with a specified maturity date. At maturity, full payment of the initial investment plus the interest is available to you. Sagicor Investment offers repos in the following currencies:

- Trinidad and Tobago dollar
- United States dollar
