

Product Overview

Sagicor's Sage Whole Life Insurance Policy is specifically designed to provide lifetime insurance coverage along with cash accumulation. Purchasing a Sage Whole Life Insurance policy guarantees that you will receive the face amount of the policy, providing immediate security to you and your loved ones. Over time, the cash value of the policy will accumulate on a tax-deferred basis. Best of all, your premium payments always remain the same, even as you grow older, providing for affordable lifetime coverage.

And, through Sagicor's Accelewriting[®] process, you can have a decision in minutes! Our automated underwriting system provides a decision quickly and eliminates the need for a face-to-face meeting with an agent and telephone interview.

Accelewriting[®]

Sagicor's Accelewriting[®] is an automated underwriting system that utilizes an eApplication. Accelewriting[®] will provide an underwriting decision within minutes with no medical exams, bodily fluids, Attending Physician's Statements (APS), or telephone interview required. In some cases, additional requirements may be requested. Policy eDelivery is available with Accelewriting[®]. Other policy issue ages and coverage amounts are available through the fully underwritten process.
