Fitch Revises Sagicor Financial Company Limited's Rating Outlook to Stable; Affirms Ratings

Fitch Ratings - New York - 17 Mar 2020: Fitch Ratings has revised Sagicor Financial Company Limited's (SFCL) Rating Outlook to Stable from Positive. In addition, Fitch has affirmed SFCL's Long-Term Issuer Default Rating (IDR) at 'BB' and senior debt ratings at 'BB-'.

Key Rating Drivers

SFCL's Outlook revision to Stable coincides with Fitch's decision to revise its industry outlook to negative, and reflects significant uncertainty created by the global coronavirus pandemic, which has resulted in high levels of volatility in capital markets. This, in turn, has resulted in a sharp drop in interest rates, as well as significant variability in stock, bond and derivative prices. Life insurers are also exposed to spikes in mortality. The combination will likely create some pressure on earnings and variability in capital levels, the severity and duration of which is impossible to predict at this time. Fitch believes the totality of these conditions no longer support a Positive Outlook.

SFCL's ratings consider the company's strong and improving capitalization, and the operating and economic environments of two of its main insurance subsidiaries in Jamaica and Barbados, both of which have below-investment grade sovereign ratings. SFCL has very high capital exposure and concentrations in below-investment-grade sovereign debt, which are primarily used to meet local regulatory requirements and match local liabilities. The ratings also consider SFCL's strong and stable profitability, and macroeconomic challenges associated with low interest rates.

RATING SENSITIVITIES

A near-term return to a Positive Outlook would hinge on a fast resolution of the coronavirus situation, with minimal impact on the economy, which Fitch currently views as highly unlikely. Barring that, longer-term sensitivities that could result in an upgrade include:

--No material deterioration in economic and operating environments and sovereigns of Jamaica, Trinidad, and Barbados resulting from the coronavirus situation;

--Deployment of capital proceeds from the AQY transaction to grow operations in investment grade jurisdictions;

--Decline in financial leverage ratio below 25% (adjusted to exclude non-controlling interests from capital).
Fitch is continuing to monitor the potential impact of the coronavirus pandemic on ratings, including development of appropriate base case ratings assumptions. Downward pressure could result if application of Fitch's base case ratings assumptions would indicate a pro-forma financial profile that falls outside of the following sensitivities:

--Significant deterioration in the economic and operating environments and sovereigns of Jamaica, Trinidad, and Barbados which would lead to a material decline in operating performance and/or credit profile of SFCL's investment portfolio;

--Deterioration in key financial metrics, including consolidated MCCSR falling below 180% and financial leverage exceeding 50% and ROE below 5% on a sustained basis.

requirements of a recipient of the report. A Fitch rating is an opinion as to the creditworthiness of a security. This opinion and reports made by Fitch are based on established criteria and methodologies that Fitch is continuously evaluating and updating. Therefore, ratings and reports are the collective work product of Fitch and no individual, or group of individuals, is solely responsible for a rating or a report. The rating does not address the risk of loss due to risks other than credit risk, unless such risk is specifically mentioned. Fitch is not engaged in the offer or sale of any security. All Fitch reports have shared authorship. Individuals identified in a Fitch report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only. A report providing a Fitch rating is neither a prospectus nor a substitute for the information assembled, verified and presented to investors by the issuer and its agents in connection with the sale of the securities. Ratings may be changed or withdrawn at any time for any reason in the sole discretion of Fitch. Fitch does not provide investment advice of any sort. Ratings are not a recommendation to buy, sell, or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor, or the tax-exempt nature or taxability of payments made in respect to any security. Fitch receives fees from issuers, insurers, guarantors, other obligors, and underwriters for rating securities. Such fees generally vary from US$1,000 to US$750,000 (or the applicable currency equivalent) per issue. In certain cases, Fitch will rate all or a number of issues issued by a particular issuer, or insured or guaranteed by a particular insurer or guarantor, for a single annual fee. Such fees are expected to vary from US$10,000 to US$1,500,000 (or the applicable currency equivalent). The assignment, publication, or dissemination of a rating by Fitch shall not constitute a consent by Fitch to use its name as an expert in connection with any registration statement filed under the United States securities laws, the Financial Services and Markets Act of 2000 of the United Kingdom, or the securities laws of any particular jurisdiction. Due to the relative efficiency of electronic publishing and distribution, Fitch research may be available to electronic subscribers up to three days earlier than to print subscribers.

For Australia, New Zealand, Taiwan and South Korea only: Fitch Australia Pty Ltd holds an Australian financial services license (AFS license no. 337123) which authorizes it to provide credit ratings to wholesale clients only. Credit ratings information published by Fitch is not intended to be used by persons who are retail clients within the meaning of the Corporations Act 2001. Fitch Ratings, Inc. is registered with the U.S. Securities and Exchange Commission as a Nationally Recognized Statistical Rating Organization (the "NRSRO"). While certain of the NRSRO's credit rating subsidiaries are listed on Item 3 of Form NRSRO and as such are authorized to issue credit ratings on behalf of the NRSRO (see https://www.fitchratings.com/site/regulatory), other credit rating subsidiaries are not listed on Form NRSRO (the "non-NRSROs") and therefore credit ratings issued by those subsidiaries are not issued on behalf of the NRSRO. However, non-NRSRO personnel may participate in determining credit ratings issued by or on behalf of the NRSRO.

Endorsement policy

Fitch's approach to ratings endorsement so that ratings produced outside the EU may be used by regulated entities within the EU for regulatory purposes, pursuant to the terms of the EU Regulation
with respect to credit rating agencies, can be found on the EU Regulatory Disclosures page. The endorsement status of all International ratings is provided within the entity summary page for each rated entity and in the transaction detail pages for all structured finance transactions on the Fitch website. These disclosures are updated on a daily basis.
