Sagicor General Insurance Inc

At Sagicor General, we pride ourselves on delivering a wide range of the best possible insurance protection, including home, vehicle, commercial, and travel insurance. We are one of the longest-running general insurance companies operating in the Caribbean, and excel in efficiency, excellent customer service, and settling claims quickly, even in times of catastrophe. And we give back to our communities through sponsorship programmes and developing youth.

In 2002, we first achieved our A.M. Best rating of A- (Excellent) and we're proud to have continued to maintain it. This reflects our historically profitable operating performance, prudent underwriting leverage, regional market presence, and parental support.

Sagicor General introduced the application of Enterprise Risk Management in 2005. This holistic approach is ongoing, and governs everything from the A-rated re-insurers on our programme down to the inspection of both residential and commercial property risks we cover.

Sagicor General operates in the following countries throughout the Caribbean:

 ANTIGUA & BARBUDA
 THE BAHAMAS
 BARBADOS
 DOMINICA
 SAINT LUCIA
 TRINIDAD & TOBAGO
