Sagicor

With a rich history spanning almost 185 years, Sagicor has established itself as an innovative leader in the financial services industry. Our enduring success can be attributed to prudent business practices and a steadfast commitment to creating value for our shareholders. As the second oldest insurer in the Americas, we first played a pivotal role in shaping the Caribbean's financial landscape. As we grew over generations, we evolved from a local life insurance company into a robust, regional financial services group. More recently, we have become a growing force in the North American financial services market with over US$22.9 billion in assets under management.
